

## "ARE WHIPPED," SAYS A FILIPINO

Aguinaldo Is Discouraged  
With the Outlook.

REBEL TROOPS DETERMINED  
TO SURRENDER.

All the Leaders Want Is Some Guarantee of Fair Treatment For Laying Down Arms—Ask Brief Armistice, Only For the Purpose of Effecting a Complete Surrender Through Their Congress—Lawton's Brigade Met and Routed 2,000 of the Enemy Near Maasin Today—Many Bodies Found in the River.

Manila, May 6.—[Special]—One of the Filipino envoys recently here is reported today as saying: "We are unquestionably whipped. Aguinaldo is discouraged, and our troops are determined to surrender. All our leaders want is some quantity of fair treatment for laying down their arms. They ask for a brief armistice only for the purpose of effecting a complete surrender through our congress. The Americans wrong us in distrusting our honesty." Lawton's brigade met and routed two thousand of the insurgents near Maasin today.

The rebels are meeting the American advance in a half hearted way. MacArthur's troops are resting at San Fernando today.

Many bodies of the Filipinos are being found in the river there. Scores of rifles and other arms were also found in the river.

Gunboat Bennington Gounded.  
Washington, May 6.—[Special]—Admiral Dewey has notified the navy department that the gunboat Bennington was gounded on an unknown shoal near Pany recently, but came off twenty-three hours later. The damage was not serious. Dewey says that no blame is attached to any one.

Volunteers Will Be Detained.  
Washington, May 6.—[Special]—It is stated on high authority that volunteer regiments in the Philippines will be detained there for some weeks. The officers and men with very few exceptions are said to be perfectly willing to remain.

Gen. Otis this morning reported five killed and twenty-eight wounded in battles since the fourth.

Washington, May 6.—The surrender of Aguinaldo is believed to be close at hand. President Schurman of the American Philippine commission, who has never been optimistic on the problem, on Friday cabled to the president the belief of the commission that Aguinaldo is ready to surrender. He informed the president of a new plea for peace made by the Tagal representatives. Aguinaldo offers to surrender, but he makes through his representatives a plea for certain assurances. The conditions call for no sacrifice of principle. They involve no compromise on the main question of recognition of United States authority. They are of minor consequence so far as this government is concerned. In them, however, Aguinaldo apparently sees partial relief from the abject humiliation of unconditional surrender.

"The American commission is inclined to deal fairly with the Filipinos, but does not wish to assume the responsibility for the concessions asked. Therefore, President Schurman cabled asking instructions." The answer has been sent. If, as the commission believes, the representatives of Aguinaldo are in earnest in their appeals for peace, the instructions forwarded to President Schurman are calculated to make the way easy. There will be no surprise at the white house if when the Filipino officers get back to Aguinaldo with the assurances given by cable the white flag goes up to stay.

May Put an End to the War.  
Washington, May 6.—The reply of the president to Prof. Schurman's cablegram, it is understood, stated that he was very anxious to have the peace negotiations concluded at the earliest possible moment, and to this end he desired that no unnecessary or humiliating conditions should be imposed upon the insurgents. It is believed in administration circles that as soon as Aguinaldo is convinced of the sincerity of the American government he will agree to surrender. He will be required, however, to lay down his arms. This will be the principal condition, and until an agreement on this point is reached the negotiations will not make any progress toward a conclusion.

Government for the Philippines.  
The plan of government for the Philippines, as understood by authorities here, is as follows:  
Executive Department—Governor-general, to be appointed by the president of the United States, and to have absolute veto power over any insular legislative acts; his cabinet to consist of leaders among Americans and Filipinos.

Legislative Department—To be modeled after the United States system, and to be organized as a result of

granting suffrage to Filipinos based on qualifications hereafter to be determined.

Judiciary Department—Members to be appointed by the president of the United States.

SAN FERNANDO IS TAKEN.

Insurgent Troops Leave as the American Forces Enter.

Manila, May 6.—Gen. MacArthur's troops are now in San Fernando. The insurgents left the village as the Americans entered. A little firing was done by the rear guard of the Filipino army, but it was a slight attempt to impede the progress of our troops. At 3 o'clock Thursday afternoon Gen. Wheaton's brigade crossed the bridge three miles south of San Fernando. The Americans were met with a heavy fire. The bridge had been partially destroyed by the insurgents, and the Filipinos made a desperate effort to repulse Gen. Wheaton's brigade.

RECRUITING OFFICER HAD MUCH TROUBLE.

Lieutenant W. A. Bethel, of the United States army, who had been in Janesville for the purpose of securing men for the regular army, was obliged to leave town with only one man.

Too much war talk no doubt frightened local would-be applicants.

Lieutenant Bethel said that many men called on him while he was here, but that they were soon frightened out of enlisting when informed that they might be sent to the Philippine Islands.

While here, Lieutenant Bethel made his headquarters at the Railroad Hotel on Academy street, and from here went to Woodstock, Ill.

He was surprised and disappointed at not receiving more men here, but stated that no doubt it was due to their fear of being sent by Uncle Sam far from home for a term of years.

Lieut. Bethel is making special enlistments for the infantry in the Philippine islands, the men so enlisted being sent direct to San Francisco and from there to Manila, as transportation becomes available. All sound, able bodied citizens between the ages of eighteen and thirty-five years, who can read, write and speak the English language are eligible. Minors are required to furnish the written consent of father, guardian or only surviving parent and all are required to present recommendations from some former employer.

Wife of August Smith Terribly Gashed, While the Perpetrator of the Act Is Badly Cut—M. Balser of Racine, Nearly Strangled to Death—State News.

Berlin, Wis., May 6.—August Smith, a gardener and fruit grower, attempted to kill his wife with an axe while they were at supper tonight, and afterwards tried to put himself out of the world with the same weapon.

Mrs. Smith was struck in the head and her skull is fractured. It is doubtful if she survives. Smith is unconscious, from cuts in his face and head, but it is thought he will recover.

The man has been considered unsound of mind of late, but was not thought to be dangerous. At the table tonight he charged his wife with trying to poison him and became frenzied in repeating his statement, until he seized the axe, which was in the woodshed, and dealt her a blow. His daughter ran screaming from the house and the arrival of neighbors prevented his doing further desperate work.

The physician who was called found arsenic about his lips and on his clothes, indicating that he had prepared to end his existence by poison if the self-inflicted bruises did not prove quickly fatal. The couple have three daughters and a son. Smith is 50 years old and his wife is 45.

While in the store he was taken with a fit of coughing and wrenched the tube out. It shut off his breathing, and he began to suffocate, but managed to attract the attention of the proprietor and by motions told him to stick the tube in its place. This was done after the man [was] black in the face and nearly gone. He was hurried to a physician, and the tube was again properly adjusted, and Mr. Balser will come out all right.

## LARGER MEMBERSHIP LIST

Three hundred and sixty-five men now constitute the membership list of the Janesville Y. M. C. A.

## "Ignorance of Law Excuses No One."

This maxim applies with especial force to ignorance of the laws of health. Every man and woman of intelligence knows the physical fact that the blood reaches the remotest parts of the human body. If there is a disturbance anywhere, why should one ignorantly suppose that the seat of the malady is local?

Is it not more rational to suppose that the impure condition of the blood is doing the mischief, as it is? Experience has demonstrated the fact that this is the case in 95 per cent. of complaints.

If your "life's blood" is pure, nature will take care of the rest. Hood's Sarsaparilla enables you to cleanse your blood of all impurities and make it strong and wholesome. It never disappoints.

Ulcer—"A little sore on my ankle grew until as large as a saucer. Doctors said it was an ulcer and incurable. After two years experimenting I took Hood's Sarsaparilla and the sore completely healed." JOHN S. CURRIER, West Lebanon, N. H.

Gout—"Gout was so expensive in medical attendance that I let mine go. It made me a perfect wreck, until I took Hood's Sarsaparilla which entirely cured me." MRS. THOMAS JONES, 120 South St., Utica, N. Y.

Rheumatism—"I was practically helpless from rheumatism in my shoulder. Hood's Sarsaparilla cured me and ever since is a household favorite." Mrs. M. E. POWERS, 4812 St. Lawrence Ave, Chicago, Ill.

Running Sores—"Five years ago my affliction came, a running sore on my leg, causing me great anguish. Hood's Sarsaparilla healed the sore, which has never returned." Mrs. A. W. BARRETT, 39 Powell St., Lowell, Mass.

Dyspepsia—"For many years I suffered with dyspepsia. I resorted to Hood's Sarsaparilla and its continued use entirely cured me." HARRY L. MORRIS, 100 Mulberry Street, Newark, N. J.

**NEW BELL GORE SKIRT FROM HARPER'S BAZAR**

Despite the popular favor in which the skirt is now held there is constant inquiry for new gored skirts that will possess style and yet be practical for the making up of silk, satin and other narrow width materials. One of the very latest models of this variety is given in our illustration which is taken from HARPER'S BAZAR and for which cut paper patterns can be obtained. The design has already recommended itself to one of the first among metropolitan modistes, and three models have already appeared among her exclusive clientele. One was in mauve, pique, the long gore seams being outlined by white pipings; the second in black tulle, the seams being accentuated to within twelve inches of the hem by rows of silk-cord trimming. The lower parts of the seams being untrimmed, the effect gained was that of a flaring ruffle. The third model was of black chevot with seams trimmed with double half-inch bands of black satin stitched with white. The model from which the illustration was made was of pique. The design is especially simple and suitable for all narrow-width goods, chevots or serges.

To make the new skirt requires, of silk 20 inches wide, 8½ yards; of pique, 27 inches wide, 8 yards; of chevot, 54 inches wide, 3½ yards.

## HAVE 500 UNDER ARREST.

Coroner's Inquest Being Proceeded with at Wardner.

Spokane, Wash., May 6.—With the additional arrests that were made Friday by the United States troops under command of Gen. Merriam for participation or suspected complicity in last Saturday's riots at Wardner, Idaho, there are now 500 prisoners under close guard of the soldiers at Wardner. A dispatch from Gen. Merriam to the war department states that the coroner's inquest over the deaths of the two murdered men, Jim Cheyne and Jack Smith, proceeds behind closed doors, and, further, that it is apparent that armed defiance of law on the part of the union men and their sympathizers is at an end. It is feared that the leaders of the strikers have escaped over the mountains into Montana. Gov. Smith of Montana has assured Gen. Merriam that the executive officials of the state will do all in their power to capture the fugitives.

Articles on the Way to Denver.

New York, May 6.—Fitzsimmons and Jim Jeffries Friday affixed signatures to the articles for the fight at Denver, and the papers are now traveling westward by mail. The Colorado Athletic association has under way plans to build an auditorium in which prize fights may be conducted. The building will accommodate at least 15,000 persons. It will cost \$15,000. The date of the fight has not been decided, owing to the sudden change in the arrangements. It will not be possible to carry out the original agreement to fight on May 26.

Belgian Strike Near an End.

Brussels, May 6.—The Belgian coal miners' strike shows signs of ending, and the workmen are heartily disappointed in the results, the sum of which seems to be more business for British freight lines and a foothold for the American operators. It is now charged and widely believed that the socialists, by underhand tactics, provoked this altogether useless strike.

Beef Report Ready on Monday.

Washington, May 6.—Adj. Gen. Corbin stated Friday that the report of the court of inquiry that he has been investigating the beef scandal would be given to the public next Monday; that it would consist of about 25,000 words, and would in the main be approved by the president.

## THIS DAY IN HISTORY.

1708—Francis Xavier de Laval, Montreal, first Catholic bishop of Canada, died at Quebec; born 1623.  
1758—Andre Massena, Bonaparte's marshal, born; died 1817.  
1858—Von Humboldt died; born 1769. Humboldt passed five years in American exploration—1799 to 1804. He landed in South America, where he made extensive observations of the remarkable natural features. He reached the United States in 1804 and was received by President Jefferson.  
1861—The Chilean insurgent steamer Itata was seized at San Diego, Cal., on charge of violating the neutrality laws; she escaped with a United States marshal on board.  
1894—Violent storms swept over Kentucky, Ohio and West Virginia, extending to western New York. General Thomas Addison Ferren, a French veteran of the Crimean and of Algeria and the Franco-Prussian war, died in Paris; born 1830.  
1895—Ex-Governor Robert S. Green of New Jersey died at Elizabeth, N. J.; born 1831.

## TRIUMPHS FOR DECENCY.

Under the above heading, The Milwaukee Journal, independent, speaks as follows:  
"All citizens, without regard to party, will be interested in a day's gleanings from the state press, commenting on the course and standing of Governor Scofield, which are printed elsewhere in this issue of The Journal. They are from papers of all shades of opinion, and show conclusively that partisan and personal abuse is not strong enough to down a man who has a just cause and stands up to it manfully. Forgive politics and politicians may rage, but they cannot undo the man with a purpose founded on justice and with the will to carry it out."

"This is both a lesson and a warning to all who aspire to leadership. They should not be deterred by abuse nor go down into the contracted, demeaning arena of small politics, catering to cliques and cohabiting with factions. All these elements were pitted against Gov. Scofield before the convention and their killing frost was laid over him on his final accession to the office. But they are swept away in the field of higher politics like chaff in the wind. He is beyond their harm, and probably their help. His administration succeeds without them."

"The case of Senator John L. Mitchell is another exhibition of the fairness of the public, once they are awakened to an attempt at injustice. Mr. Mitchell retires to private life with a fine reputation as senator, notwithstanding the earlier years of his service were marked by the violent political and personal abuse of the enemies of politics. Such cases make Wisconsin citizens hold up their heads."

The Studebaker Mfg. Co., of South Bend, Ind., paid the salaries of twenty-four employees who enlisted in the army, for the entire time that they were in the service, a sum which aggregated between six and seven thousand dollars. Appreciating this generosity and patriotism, the employees have just presented to the company a memorial, handsomely engraved and signed by all who were the recipients of their kindness.

The women who wear birds upon their hats should remember that a French naturalist asserts that if the world should become birdless man could not inhabit it after nine years' time in spite of all the sprays and poisons that could be manufactured for the destruction of insects. The bugs and slugs would simply eat up our orchards and crops.

The Loyal Legion has expelled General Eagan from the order, he having been found guilty of "conduct unbecoming an officer and a gentleman" by a court martial. Doubtless General Eagan will feel this disgrace keenly, but the justice of the action cannot be questioned.

Cuba's great need at present is a public school system, the Spanish having neglected the matter of education to such a degree that 76 per cent. of the people can neither read nor write.

The legislature has adjourned, after having enacted more good laws than any of its predecessors. The platform pledges have been carried out, and faith with the people has been kept.

General Miles will not be displaced as the result of the beef inquiry. The general has certainly been indiscreet, but no charges will be made against him, it is said.

Another great victory has been won by American skill and brawn—Jack Carkeek worsted the Turk at Milwaukee.

President McKinley shows more magnanimity than General Miles would evince under the same circumstances.

General Eagan left yesterday for the scene of his penance on full pay, the Hawaiian islands.

## RUNNING SORE ON HIS ANKLE.

After Six Years of Intense Suffering, Promptly Cured By S. S. S.

Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a sure sign that the entire circulation is in a depraved condition. They are a severe drain upon the system, and are constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect.

There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark, of Orange Courthouse, Va., writes:

"For six years I had an obstinate, running ulcer on my ankle, which at times caused me intense suffering. I was so disabled for a long while that I was wholly unfit for business. One of the best doctors treated me constantly, but did me no good. I then tried various blood remedies, without the least benefit. S. S. S. was so highly recommended that I concluded to try it, and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured." Swift's Specific—

## S. S. S. FOR THE BLOOD

—drives out every trace of impurity in the blood, and in this way cures permanently the most obstinate, deep-seated sore or ulcer. It is the only blood remedy guaranteed purely vegetable, and contains not a particle of potash, mercury, or other mineral. S. S. ## LOCAL DIVINES HIGHLY PLEASED

### SANCTION THE MARRIAGE LAW NOW IN FORCE.

Say That It Will Relieve Them of Much Responsibility—Illinois Couples Will Be Few and Far Between From This Time On—Hotel Landlord Not Pleased.

Local divines speak in high praise of the True marriage license law which went into effect in the state of Wisconsin yesterday afternoon.

Interviews with a number of the local divines show that they sanction the law as being the remedy to check what they term a long uninterfered with evil.

Couples coming to Janesville from Illinois, will no doubt be few and far between, as under the new Wisconsin law they have just about as much freedom in their own state.

"I for one, don't believe in this new marriage law," said a local well known landlord this morning.

"In a year's time it means a good many dollars to me. During the past year I believe that no less than fifty bridal parties have found shelter in my hotel. Whether these parties were married in Janesville, I don't know; but one thing certain, they were mostly Illinois couples married in Wisconsin."

Copies of the bill have been received by County Clerk Starr, together with sample forms of licenses, sample forms of consent of parent or guardian to marriage, and sample forms of licenses when either party is a minor.

Among the local divines interviewed on the effects of the new law are:

Rev. W. A. Goebel of St. Mary's church:

"The True marriage bill provides practically the same law that has been in force in the Catholic church for years. In the Catholic church, all marriages are announced from the pulpit three Sundays before the ceremony is performed. I believe the new law is a step in the right direction. It will prevent many of our young people from petitioning the Bishop for a special permit as they will now have to go to the trouble of petitioning a judge as well."

Rev. W. A. Hall of Court Street M. E. church:

"This new marriage law I believe is a good thing. There is much trouble in hasty marriages and this law will remedy it. Another reason why it will prove a good thing, and that is that it allows the interested parties at least five days to think it over."

Rev. A. G. Wilson of Unitarian church said:

"Much responsibility is taken off the preachers. I think, by the True marriage law. For many years past the Wisconsin preacher has been much in the dark as to who he was marrying, having to take the word of the interested parties. Now it will be much different."

Rev. W. W. Woodside of First M. E. church:

"I believe the law has some objections but as a whole it is probably a very good one. It will give interested parents an opportunity to have a word to say."

### MARRIED THIS AFTERNOON

Dwyer-Hill Nuptials Took Place at St. Mary's Church Parsonage.

At St. Mary's church parsonage this afternoon, the Rev. W. A. Goebel uttered the words that united as husband and wife Patrick Dwyer of this city, and Mrs. Katherine Hill of Chicago.

Following the ceremony a reception was tendered the happy couple at which most hearty congratulations were in order.

The bride of late years has made her home in Chicago.

The groom is a man by trade and is a well known and respected resident of the Bower City.

Mr. and Mrs. Dwyer will make Janesville their home.

### DEMISE OF MISS SHULER

Died This Noon After an Illness with Typhoid Fever.

Miss Lillian Schuler, daughter of Mr. and Mrs. J. C. Schuler of McKay boulevard, died at 12:40 o'clock this p. m., after an illness of ten days, with typhoid fever, aged fourteen years and nine months.

Miss Schuler was a member of the freshman class of the Janesville High school, and was devoted to her studies. She was esteemed by her classmates and was a general favorite.

Morris Ross, Jr.

Morris Ross, Jr., passed away yesterday afternoon at 2 o'clock at the home of his parents, Mr. and Mrs. Morris Ross, 164 Chatham street. He was six years old last November. The cause of his death was scarlet fever. Private funeral services were held at the home this afternoon at 2 o'clock, and the interment was in Oak Hill cemetery. Rev. E. H. Pence officiated.

Alexander White

Word has just been received of the sudden death in Los Angeles, Cal., on April 28, of Alexander White, only child of Mrs. C. A. White, better known as Cecilia A. Neale, formerly of this city.

The article you pay the most for usually lasts the longest. "T. & T." brand of Coffee is no exception. The best is always the cheapest.

Special music, vocal and instrumental will be provided, and let every man interested in this special work bring a friend and enjoy the hour from 3 to 4.

## LOCAL GRAND ARMY POST TO MILWAUKEE

### WILL ATTEND THIRTY-THIRD ANNUAL ENCAMPMENT.

Leave Via the C. M. & St. P. Railway Wednesday Morning, May 17.—To Take Part in the Grand Street Parade—Fire and Drum Corps May Accompany Local Delegation.

Members of W. H. Sargent Post No. 20, G. A. R. of this city, are making active preparations to attend the thirty-third annual encampment of the Grand Army of the Republic in a body.

The encampment is to be held at Milwaukee, at the Bijou Theatre, Second street, between Grand avenue and Sycamore street, on the 17th and 18th insts.

The delegation from this city will take their departure on the morning of the 17th, leaving at 7 o'clock, via the Chicago, Milwaukee & St. Paul road. It is expected that the local vets will be accompanied by the fire and drum corps.

The encampment will be called to order at 10 o'clock on the morning of the 17th.

Arrangements have been made for holding regimental and brigade reunions on Tuesday, May 16th, as well as on the 17th and 18th. Several regiments will hold their annual reunion during the encampment as it is thought a much larger attendance can be secured at that time.

Some of the veterans will meet at the hall of the Merchants' association in the University building, corner of Broadway and Mason streets, and the Woman's Relief Corps will hold their meetings in Plymouth church, corner Van Buren and Oneida streets, while the headquarters of the corps will be at the Plankton House. Ladies of the G. A. R. will meet at the Ethical building, 558 Jefferson street.

The Sons of Veterans will meet the Posts at the several stations on their arrival in the Cream City, acting as a reception committee.

Members of the Milwaukee Posts are making elaborate preparations for a glorious reception of the visitors from all sections of the state and there is certain to be a large attendance. Arrangements have been made for the grandest campfire ever held in the state, which is to be given on Thursday, May 18, in the Exposition building. A number of the most celebrated orators in the country have accepted invitations to address the audience.

The local Grand Army men anticipate that the approaching reunion will surpass anything of the kind previously attempted and are preparing to have an excellent time on these two days.

**GOOD SHOW LAST EVENING**  
Ferris' Comedians Give Farewell Performance Tonight

"Handcuffed Love," a comedy drama, written by Ferdinand Grubbe, was presented at Myers Grand last evening, and proved to be one of the most enjoyable of repertoire attractions furnished by this excellent company. It is a story of Kentucky and founded on that well known and well worn song, "She Was Bred in Old Kentucky." Every part in the cast was well taken. Messrs. Grubbe and Ferris and Miss Leone playing the leading roles. As during previous performances of this company, the specialties were up-to-date. This afternoon at 2:30 o'clock, a matinee was the bill, it being a combination of "Peck's Bad Boy," and "Rogues' Riches." There was a very good attendance of children, accompanied by adults, who merely went to look after the little ones. This evening the company will present the sensational comedy-drama, "Our German Friend." There will be lots of fun as some lucky person is to win a pig.

"A Jolly Night."

The clever comedian, Mr. Dean Raymond, assisted by a competent company, will present the delightful comedy, "A Jolly Night," at the Myers Grand opera house, on Wednesday, May 10. Seats on sale Tuesday, May 9th, at 10 a. m. Prices 25, 35 and 50 cents.

**FAILED TO FORM A UNION**

Retail Clerks were Most Conspicuous by Their Absence.

At the armory last evening, the grocery and dry goods clerks of Janesville, were to assemble for the purpose of forming a union to be known as the Retail Clerks National Protective Association, but the retail clerks and labor sympathizers were most conspicuous by their absence and the result is that the project has taken a step backward.

Charles W. Tenney, of Milwaukee, a member of the executive board of the State Federation of Labor, and R. A. Pratt, a prominent labor union advocate from Milwaukee, were present and expected to address the meeting, but the attendance was so slim they decided to postpone the meeting until the holding of the state convention on June 18th, 14th and 15th, when an open air meeting will be held at the court house park.

**FARMERS, LOOK OUT FOR HIM!**

The Steel Range Agent Is Invading the Farming Districts

The smooth tongued steel range agent is again invading the farming districts of the state, and will no doubt make his presence known in Rock county.

The antiquated scheme of working a farmer into signing a cast iron contract is piled with great industry, and notwithstanding the emphatic cry of warning sounded by the local papers, some people buy of these transient strangers in spite of their better judgment, when at the same time a reliable steel range can be bought for less money.

Mr. and Mrs. John H. Vivian and bride of Pittsburg, Kan., are in the city on their wedding tour, the guests of Mr. and Mrs. D. H. Jones. Mr. Vivian is connected with the Pittsburg zinc smelter and takes pride in the fact that Kansas makes prices for the world on zinc ore. Since the Rockefeller interests secured the zinc mines last year Pittsburg has grown to a city of 15,000 and Iowa has increased from 1500 to 8,000.

## SCHOOLS HERE WILL OBSERVE ARBOR DAY

### ATHLETIC CONTEST WILL PROBABLY TAKE PLACE.

Superintendent Mayne Says That Is the Present Intention and That Athletic Park Will Be the Place—Program For the Schools Will Be Interesting.

Arbor and Bird day falls on Friday, May 12, and will be celebrated in the local schools.

Prof. D. D. Mayne stated this morning that in all probability an athletic contest would take place at Athletic Park on Arbor day and that local High school talent would take part in order to determine who was most suited to represent the Janesville High school at the coming Rock county field and track meet to be held at the fair grounds in this city on Saturday, May 13.

Plenty of good material is available in the High school this year and a most interesting program can be expected.

In the public schools, programs will be arranged and carried out that will be most suited for the occasion.

Governor Scofield in his proclamation after announcing the day says:

"The practice of planting shrubs and trees in school grounds and public parks, and in cultivating interest in bird life by the observance of the day, have shown such beneficial results in the beautifying of the public grounds and the preservation of our native song birds, that it seems highly desirable to encourage by all means possible, interest in the day."

"I recommend, therefore, that the public schools, colleges and educational institutions of the state generally, take steps for an appropriate observance of the day, and that every effort possible be made to awaken a deeper interest in the purpose for which the day is set apart."

## Chicago Live Stock Report.

Chicago, May 5.—Slim receipts of cattle were at hand today and most of such sold without change from recent prices, though lambs were slow sale, spring lambs selling much lower than early in the week. Trade in hogs had much better tone, values regaining about 5c of the decline suffered earlier this week. Receipts were estimated at 15,000 cattle, 17,000 hogs and 5,000 sheep. Pens were well cleared of everything useful; cattle and sheep selling well up to the range of values one week ago and hogs about 10c below prices paid one week ago today.

## ARBITRATION BOARD REPORT.

Amendments to the Law Are Discussed—

Opposed to Compulsion.

Springfield, Ill., May 6.—The annual report of the state board of arbitration was made public Friday. The board discusses at length the amendments to the arbitration law made by the act which has recently become effective, and says that it is the judgment of the board that the amendments thus made place Illinois in advance of every other state.

Compulsory arbitration—that is, a law compelling employers and employees to submit their differences to arbitration—is opposed by the board. "We are firmly convinced," says the report, "that such a law, leaving out of consideration all constitutional difficulties in the way of its enactment, would be fraught with tremendous danger, imperiling the interests of both employer and employee. Both the federal and state constitutions provide that no person shall be deprived of life, liberty or property without due process of law."

## Krueger Is Defiant.

Cape Town, May 6.—The reply of President Krueger of the Transvaal Republic to demand from the British secretary of state for the colonies, Joseph Chamberlain, for the cancellation of the dynamite concession is published here today. President Krueger contends that the concession is bona fide and constitutes no breach of the London convention. The Transvaal, President Krueger insists, is entitled to its opinion as to what is for the best interests of the republic. The amendment of the concession, as asked by the British government, the president adds, would be a breach of faith with regard to other parties.

## Another Trust to Organize.

Chicago, May 6.—Manufacturers of specialties used in the manufacture of railway rolling stock have united and will transfer their plants to a new corporation which will bear the title of the American Railway Equipment company. A charter will be secured in New Jersey and the company will be capitalized to the amount of \$22,000,000. Of this amount \$10,000,000 will be preferred stock and the remainder common. The president of the new company will be a Chicago man, yet to be chosen, and the general offices will be located in this city.

## Beloit Orator Is the Victor.

Lincoln, Neb., May 6.—The twenty-sixth annual contest of the Northwestern Interstate Oratorical association, comprising colleges of the ten states of Nebraska, Illinois, Wisconsin, Minnesota, Kansas, Colorado, Iowa, Ohio, Missouri and Indiana, was held here Friday night and the first-place honors were awarded to the Wisconsin orator, R. E. Lyman of Beloit, his subject being "The Altruism of American Expansion." Second place went to George E. Farrar of De Pauw university, Indiana, and third to S. M. Holliday, Simpson college, Iowa.

## Alleged Fraud by Trusts.

Anderson, Ind., May 6.—Special government officers are here investigating the allegations that the government has been defrauded by the trusts in placing the valuation of plants transferred to them at a value far below their real worth in order to pay less internal revenue tax. It is charged that property worth \$1,500,000 was turned in at \$250,000, making a serious loss to the government.

Berlin, May 6.—The government has telegraphed orders to the German consul at Manila to give pecuniary aid to distressed German subjects in the Philippines.

## Locomotives for England.

London, May 6.—The Great Central Railway company has ordered twenty freight engines at the Baldwin Locomotive works of Philadelphia.

## STRIKERS USE DYNAMITE.

Riotous Demonstrations at Duluth and Street Cars Derailed.

Duluth, Minn., May 6.—The first serious demonstration by the street railway sympathizers and strikers occurred about 10 o'clock Friday night, when they used dynamite to stop traffic.

Four cars were derailed, three at West Duluth and one on Garfield avenue. One of the cars in West Duluth was smashed almost beyond repair and all of the glass in the other two was broken. The car on Garfield avenue was served likewise.

One man was seriously if not fatally injured and four others were slightly hurt.

When Manager Warren of the street railway company appeared on the scene with a wrecking car he was set

upon by the strikers.

The names of the injured are unobtainable as yet.

## Kansas Wheat Crop Estimate.

Kansas City, Mo., May 6.—E. J. Smiley, secretary of the Kansas Grain Growers' association, has issued a confidential crop report to the members of the association, the conclusion of which is that Kansas cannot raise over 25,000,000 bushels of wheat, even with favorable conditions from now until harvest. He estimates the acreage as 4,899,000 acres, and the amount plowed up as 28 per cent, which is 2 per cent more than the area reported winter killed by the state board of agriculture. He reports the condition on remaining area 56 per cent, or 12 per cent lower than the state report.

## SPEAK OUT

## The Search Light of Publicity Is Pleasing Janesville People

Publicity is what the people want. Let the people speak on the subject. There has been too much claim, too little proof. Claims made by strangers is not proof.

There is only one kind of proof for a Janesville citizen. That is the experience of people we know.

When friends and neighbors endorse, make public statement of their case. There can be no question about such evidence. This is the convincing proof we have.

Which backs every box of Doan's Kidney Pills: No other kidney pills, no other kidney remedy can produce such proof. Here is one case of the many we have:

Mr. E. Dillenback, of 126 Milton Ave. retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

## WEEKLY REVIEW OF TRADE.

Few Business Failures Recorded During the Month of April.

## NEW RECORD ESTABLISHED.

Trade, in the Aggregate, Shows a Volume Far in Excess of Last Year—Tone Is Notably Strong for This Season of the Year—Exports of Grain.

New York, May 6.—R. G. Dun & Co. in their weekly review of trade say: "The failures in April were the smallest in any month since records by months began, 38 per cent smaller than in April of last year, not a third of the amount in 1897, and not half the amount in April of any previous year. It is not inconsistent nor strange if business halts, because it has been crowded to the utmost for four months in anticipating future needs on account of new combinations proposed. In some cases prices have been advanced so far as to check new business, and in others works have been engaged so far ahead that new orders cannot be taken. Yet new business in amount which would have been astonishing two years ago is still coming forward."

"Failures for the week have been 158 in the United States, against 238 last year, and 23 in Canada, against 25 last year."

Bradstreet's says: "While wholesale trade continues of a between-seasons volume, every general evidence is forthcoming that the aggregate is in excess of last year's undeniably good proportions, and retail demand is of an encouraging character. Advances in price and reported great activity abroad point to the widespread demand for iron and steel and render less doubtful the hold of American products on foreign markets. The tone of general values is notably strong for the season of the year, a prominent exception being pork and hog products generally, which have been the subject of bearish manipulation. Cereals are generally firm. Copper, among the metals, retained all its strength. In textiles raw cotton is rather weaker."

"Wheat, including flour, shipments for the week aggregate 3,484,081 bushels, against 3,028,403 bushels last week. Corn exports for the week aggregate 2,847,290 bushels, against 2,615,079 bushels last week."

## Ask for a Conference.

Indianapolis, Ind., May 6.—B. Frank Schmidt, state labor commissioner, has sent out a call to the mine operators asking them to meet in joint convention with the striking miners at Evansville next Wednesday night to consider the differences between them.

## Nervous Debility

is often one of the most distressing after-effects of the Grip. It may also be caused by overwork, worry, mental strain or excesses of almost any nature. Whatever the cause, a debilitated nervous system means that the nerves lack nutrition. Feed the nerves and life will renew its joys for you.

The best nerve food, and the most valuable tonic (because it both builds up the blood and strengthens the nerves) is Dr. Williams' Pink Pills for Pale People. Hundreds of worn-out, depressed men and women have been made strong-nerved, ambitious, energetic and healthful by this remedy.

Among the well-known men of the newspaper profession is F. J. Lawrence, of 435 Fourth Avenue, Detroit, Mich., who for the past eleven years has been at his desk every day. He says:

"At one time I was in such a condition that my physician said I would have nervous prostration; that I would have to stop newspaper work or I would go to pieces if I persisted in doing it, as I was destroying what nerve force I had left."

"I lost flesh and had a complication of ailments which baffled skillful medical treatment."

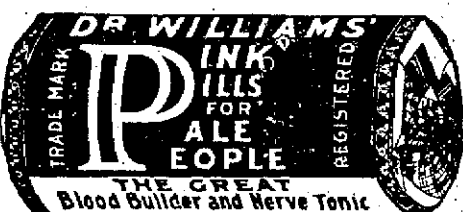

"One of my associates recommended Dr. Williams' Pink Pills for Pale People and I gave them a trial. I can't say that I received any benefit from the first box, but derived very good results from the second. The pills gave me strength and helped my shattered nerves so that I could get a full night's rest."

"I have been troubled a great deal with pain in the small of the back, which I attributed to a derangement of the kidneys. For this complaint Dr. Williams' Pink Pills for Pale People worked wonders. Soon after I began taking them regularly, the pain ceased, causing me to feel like a new man."

"I am greatly encouraged from the results of using a few boxes and am confident that the pills will work a complete restoration of my former condition."—From Evening News, Detroit, Mich.

Our new book on Nervous Disorders will be sent FREE to any address on request.

The genuine pills are sold only in packages like this, 50¢ per box; six boxes, \$2.50.

## WONDERFUL GROWING WEATHER!

The man who has his garden all planted is lucky—the seed will receive a wonderful start with the weather and conditions of the past few days. The person who expects to make garden this spring must be about it at once. No time to loose. You should procure your

## Landreth's Seeds Will Show Larger Yield Than Any Other Brand.

For 115 years the Landreth seed house has been the leading concern in the United States; they have made high qualities their aim and the great success of the Landreth business shows conclusively that great reliability can be placed in their stock. We have in our twenty years' of Seed experience handled a number of brands of seeds, but none so

as Landreth's. They never disappoint—true to name always, and of the greatest germinating qualities.

## ALGER MUST DECIDE.

Secretary of War May Demand the Official Head of Miles.

Washington, May 6.—Secretary Alger will return to Washington Sunday evening. It is said that the secretary may insist that the report of the board of inquiry justifies him in asking for the assignment of a major general to command of the army who will work in harmony with him and not seek to embarrass the department in all its work.

If the secretary should make an issue of this business the president would have to decide between Alger and Miles, and with the report of the court fully approved by the president there could be only one result of such an issue. Gen. Miles would have to be relieved of command if the secretary demanded it and made his continuance in the cabinet dependent upon it.

## Advices Miners to Hold Out.

Springfield, Ill., May 6.—W. D. Ryan, secretary of the United Mine Workers of America, has sent word to the miners in the Chicago & Alton sub-district to disregard the findings of the state board of arbitration, which fix the price of mining coal in this sub-district at 35½ cents a ton. The board's decision was made at the instance of the operators, the miners declining to join. State President Hunter says the men

will be ordered out before they will be allowed to accept the proposed rate.

## No Effect on Our Chinese Trade.

Washington, May 6.—Official assurances have been given to our government that the agreement reached between Great Britain and Russia as to spheres of influence in China concerns only the two parties, and that in no manner does it affect the interests of the United States. The United States, it has been stated, would not be the subject of any discrimination in commercial or trade matters.

## Spanish Crops Are Damaged.

Madrid, May 6.—A five weeks' drought and the prevalence of unusual heat throughout the country have seriously damaged the prospects of all crops. In some of the provinces the crops had already been destroyed by a plague of locusts. The peasants in Andalusia are offering prayers and making pilgrimages for the relief of their distress.

## Yucatan Indians on Warpath.

Vera Cruz, Mexico, May 6.—The troublesome Indians on the southern frontier of the state of Yucatan have again gone on the warpath, and a large force of government troops is marching to the scene of the disorder. The Indians have destroyed a large amount of property and committed a number of murders.
